INSTRUCTIONS

1. This report should be completed by the locally designated Floodplain Management Administrator (e.g. your City Manager, City Planner, Building Inspector, etc.).
2. Please answer every question.
3. PLEASE RETURN THIS REPORT WITHIN 30 DAYS OF ITS RECEIPT TO THE ADDRESS ABOVE.

SECTION ONE: Changes and activities in your designated flood hazard area during the last **TWO** years.

(If you answer "yes" to any question in this section, please provide explanatory information and/or technical data including, when appropriate, your own community map or a copy of the Flood Insurance Rate Map showing the areas affected.)

- A. Has there been a change to your community's territorial or extrterritorial boundaries that affected your designated flood hazard areas? YES NO
- B. Was there a significant natural change of topography affecting your designated flood hazard areas? (Examples: land erosion, subsidence, sedimentation or seismic activity.) YES NO
- C. Was there a significant man-made change affecting your designated flood hazard areas? (Examples: levees, bridges, extensive filling, excavation or stream channelization.) YES NO
- D. Is your community in need of assistance in improving local floodplain management including such as regulation interpretation, planning, enforcement procedures, floodproofing, or a community visit? YES NO

SECTION TWO: Community Floodplain Management Data

- A. Has there been a change to your floodplain management ordinance? (If yes, please send a certified copy of the new law.) YES NO
- B. How many building **PERMITS** were granted within the last two calendar years for new structures (including substantial improvements to existing structures) in the designated flood hazard areas shown on your community's Flood Insurance Rate Map?
- C. How many **VARIANCES** to your local floodpalain management ordinance were granted in the last two calendar years for new structures or substantial improvements to existing structures? Please provide only the number of variances granted for structures with the lowest floor below the Base Flood Elevation?
- D. Please update the demographic information on your community that was provided FEMA when your community last reported to the National Flood Insurance Program. If any of the numbers are **NOT** correct or a "0" appears, please provide the revised number in the space below. If precise data in not available, please give us your best estimate.

	PERMANENT YEAR-ROUND POPULATION	1 - 4 FAMILY STRUCTURES	ALL OTHER STRUCTURES
