The Office of Staff Development and Training congratulates the recent graduates of the OSDT Firearms Instructor Training Program which was held at the OSDT Southern Coastal Training Center, from May 11 – 22, 2020. This certification provides specialized certifications to instruct personnel within the Department of Public Safety / Adult Correction on the use of Firearms. This program offered the instructors an understanding of the use of force as it pertains to the use of firearms, as well as range safety, legal considerations, handling medical emergencies on the range, and conducting the required courses of fire contained in the Firearms Lesson plans. During this (85) hour course, instructors completed proficiency evaluations which consisted of each instructor demonstrating the ability to conduct a live fire range safely and completed a written examination. Please join us in congratulating all these instructors.....GREAT JOB!
