

Division of Adult Correction and Juvenile Justice - Juvenile Community Programs

Chart of Accounts for Expenditures

This chart of accounts was developed by the former Department of Human Resources (Department of Health and Human Services) and the Local Government Commission. This chart of accounts was fashioned when Community-Based Alternative Grant Programs was housed with the Division of Youth Services with the former Department of Human Resources. It was structured following a request for a uniform chart of accounts made by the Association of County Finance Officers. There has not been a revised version of this chart of accounts. The January 2016 version serves only as a re-copy and reformatting of the original version so that it may be transmitted electronically and includes a note in V. Capital Outlay. This May 2020 draft version is an internal Community Programs interpretation of re: small "equipment" purchases, into line 490 when they are less than the capitalization minimum. See notes in IV and V.

I. PERSONNEL SERVICES

120	SALARIES AND WAGES
