

Reminder to file your 990!

Subrecipients that fall under IRS Section 501(c)(3) must file Form 990 by the 15th day of the 5th month after the end of the organization's accounting period. GCC reviews the filings during the grant application process and a failure to submit a current 990 may delay or prevent approval for funding.

Failure to file a 990 for three consecutive years will result in automatically losing tax-exempt status, along with disqualification from receiving GCC funding until reinstated. When automatic revocation takes place, filing a new 990 does not reinstate the organization. The organization must apply to have its non-profit status reinstated and will be issued a new determination letter by the IRS if tax-exempt status is approved. For detailed information, please see the IRS link at: <https://www.irs.gov/charities-and-nonprofits>.
