Q. from Dr. Kelly Graves to everyone: 9:51 AM

The site that Bria put in the chat and the site that was on the power point slide goes to two different sites. Which one should we use?

Q. from Chris Cooper to everyone: 9:56 AM

will we be able to see our old projects?

A. There will be a limited amount of history in EBS at Go Live but we are working to update and add additional history in future updates.

Q. from rmorris to everyone: 9:57 AM

Is there still a profile place for the multi- year documents?

A. Q. from Allen J Wimmer to everyone: 10:00 AM

Multi-year docs that have not been entered will be sent to GCC planner via email and will be stored to be loaded once the document locker is available. We may not have this for new docs on day 1 for access to Doc Loc in EBS, but we still have access to the docs in GEMS.

Q. from LaMonda Thompson to everyone: 9:58 AM

UNC uses this system for GHSP contracts. They've limited the number of individuals who have edit level access. Is this the same for GCC?

A. Yes this is the same currently set to 4, if more users are needed, please let your Grant Manager know and they can work with our Business Analyst for you.

Q. from Ann Glaser to everyone: 10:08 AM

Do we have a limited number of users?

A. Currently this is set to 4, if more users are needed, please let your Grant Manager know and they can work with our Business Analyst for you.

Q. from laing to everyone: 9:59 AM

Can you submit more than one reimbursement request at a time? Or do you have to wait till one is approved to submit the next?

A. from Jung Yeo to everyone: 10:04 AM

One reimbursement or change request at a time.

You can only submit one at a time. Subrecipients will have to wait until the one in submitted status is approved to submit the next.

Q. from Holly Bishop to everyone: 10:01 AM

Is the Document Locker equivalent to the Organization Documents section in GEMS?

A. from Allen J Wimmer to everyone: 10:02 AM

Document locker is for docs that apply to the subrecipient and may apply to multiple grants, the purpose of the locker was only to have to submit once on behalf of the subrecipient for documents applying to multiple grants. Some of these docs have expiration dates and would need to be resubmitted when expired but resubmittals would apply to all grants the subrecipient has from GCC.

Q. from Carlotta Cloyd to everyone: 10:01 AM

Will we need to set up our officials again, or will it be populated with what we had?

A. Subrecipient Grant Officials (Project Director, Financial Officer, and Authorizing Official) will be set up in EBS for your grants when you log in. If those officials need to be updated, you will submit a Change Request to update the officials and their contact information.

Q. from Shakiesha Wilson to everyone: 10:03 AM

So right now, I am seeing GHSP, will I see GCC when I apply for this grant automatically? Or how does that work?

A. from Jung Yeo to everyone: 10:04 AM

You will see GCC tiles in addition to GHSP tiles

Q. from Pat Laws to everyone: 10:05 AM

Will there still be Progress Reports

A. from Carolyn Locklear to everyone: 10:16 AM

@Pat Laws, yes Progress Reports will still be required but for projects ending 9/30/2023 you will have to do them via a paper document that will be on the GCC website.

A. from Tanya Ogburn to everyone: 10:07 AM

Yes, there will be Annual Progress Reports. The form will be uploaded on the GCC Website under Forms>Post-Award.

from Allen J Wimmer to everyone: 10:09 AM

Tanya you will be able to download the form there once GCC uploads. The form will be submitted through EBS.

Q. from Morgan Parks to everyone: 10:06 AM

will everyone within an organization be able to see and interact with all the organizations applications and projects?

A. from Jung Yeo to everyone: 10:07 AM

Everyone in agency can see and interact with their documents

Q. from Rona Karacaova to everyone: 10:07 AM

When applying for a grant, will there also be streamlined usage, or will the Chair of the board, treasurer, etc. still need to review and approve applications?

A. All approvals will still be needed, the signatures for the award will be done in Docusign.

Q. from Carlotta Cloyd to everyone: 10:08 AM

When we complete a reimbursement request, does the Finance Director still approve before the request is submitted to GCC?

A. The finance director does not approve in EBS of reimbursements. If your policy requires this approval you will need to develop a system of this approval.

Q. from Morgan Parks to everyone: 10:08 AM

So, if i am a project director, will my staff be able to do interact with the project from their accounts?

A. Yes if they are one of the 4 users with editor rights.

Q. from Courtney Cottrell to everyone: 10:08 AM

So, anyone with access to the EBS system can submit an application or reimbursement? There aren't layers of access/permission?

A. from Carolyn Locklear to everyone: 10:23 AM

@Courtney, yes you will be able to see who submitted anything in your project.

Q. from Alex Bouknight to everyone: 10:09 AM

So, for the time being will be resubmitting our org documents for every project/application?

A. If you have any that was already submitted and have not expired, we have these… If you have some that have not been submitted, we will be using a slightly different process until we are able to turn on the Doc Loc in EBS. This will require those forms to be submitted to the Planner. We do not anticipate this process being used long term.

Q. from Kishona Mimms to everyone: 10:10 AM

Will reports Have character limits?

A. We use text boxes in the forms so a character limit is not set per sea but is limited to the amount you can fit in the box. You can always attach additional information/pages to the report and submit.

Q. from Sherra to everyone: 10:10 AM

Will an agency be able to submit more than one expense reimbursement at a time?

A. from Carolyn Locklear to everyone: 10:20 AM

@Sherra, no only one at a time. Once it's approved by your GM approve it you will be able to submit the next one. If you submit reimbursements monthly, you should never have to submit multiple reimbursements.

Q. from Julie Gill to all panelists: 10:10 AM

Can we download an excel spreadsheet of the budget listed in EBS and balances in the same way it is available in GEMS?

A. This feature may not be available on day 1, but we are working to have this feature available.

Q. from Kristy Graf to everyone: 10:10 AM

If I have an account will GCC automatically appear on my home screen when I log in with my other grants?

A. GCC will appear as tiles on your home screen.

Q. from Debra Littlejohn to everyone: 10:10 AM

Why was the financial officer's approval removed?

A. The EBS system works with many additional state agencies and does not have the same 2 step process including the Financial Officer as the GEMS system. This was due to system constraints.

Q. from Joshua to everyone: 10:11 AM

Are we still going to do reports in the OVC PMT platform?

A. from Carolyn Locklear to everyone: 10:22 AM

@Joshua, yes you are still required to complete your PMT Reports in OVC and then download and save as a PDF file and submit in EBS or to your GM.

Q. from Courtney Cottrell to everyone: 10:11 AM

Can subrecipients at least see who submitted something in case there is an error?

A. Yes, all forms will show who created and submitted the form.

Q. from laing to everyone: 10:11 AM

Thank you for responding to my question about multiple reimbursement. I'm glad that we get to submit as one document, but can we submit more than one month at a time?

A. The EBS system does not allow for more than one at a time.

from Carolyn Locklear to everyone: 10:13 AM

@Iaing, no you will not be able to submit more than one reimbursement request at a time. Once you submit one, your GM will have to approve it before you can submit another reimbursement request. So please try to submit reimbursements monthly.

Q. from Rachel Valentine to everyone: 10:12 AM

With another funder we engage with on EBS, Reimbursement requests have to be submitted sequentially, where one month's reimbursement must be approved before we're cleared to enter the next month. Is that how it will go with GCC grants in EBS as well?

A. This is done the same

from Carolyn Locklear to everyone: 10:25 AM

@Rachel, if you are submitting a reimbursement for another funder, it will not be submitted under the GCC's tile so you can still submit a reimbursement for GCC.

Q. from Thomas Caves to everyone: 10:12 AM

Also interested in finding out if we can see our GHSP grants and our GCC grants with the same login credentials, (can one user see all our grants, or do we need separate credentials for that user to see grants from separate funders?

A. One user could see all the grants if they are one of the editors for each of the grants.

Q. from Isha Lyons to everyone: 10:12 AM

Does EBS identify who submitted the reimbursement? Will the documents be labeled like GEMS?

A. from Carolyn Locklear to everyone: 10:27 AM

@Isha, yes you will be able to see who submitted the reimbursement and yes the documents still need to be labeled the same when uploading in the EBS system with your reimbursement.

Q. from Denise to everyone: 10:13 AM

Other than receipts, what documentation needs to be submitted with our reimbursements? When submitting September reimbursements, will we need the new agreement number, or can it be codes with the current project number?

A. from Allen J Wimmer to everyone: 10:17 AM

Denise, we are revising our Grants Management Guidelines and will be sending this out shortly, the things that are needed have not changed for reimbursements from previous years so the older Grants management guidelines on our website is still valid for this required supplemental docs information.

A. from Carolyn Locklear to everyone: 10:29 AM

@Denise, the same documents that were required when submitting reimbursements in EBS are the same required documents. Yes, please use the new agreement number on your coversheets and time and activity forms.

Q. from Suzanne - Pat's Place to everyone: 10:14 AM

A. Currently set to 4 for each subrecipient

A from Tanya Ogburn to everyone: 10:20 AM

GEMS is no longer Active- all reports will be submitted in EBS

Q. from Maria Pahang to everyone: 10:21 AM

I have 2 NCIDs for 2 different grants that I provide service on, will both be able to be consolidated into 1 USERID?

A. You will need to contact the EBS help desk to consolidate your EBS accounts down to 1 NCID. Please contact the EBS help desk on or after Monday, October 16th.

Q. from Pat Laws to everyone: 10:22 AM

Will new applications for which we returned the modifications notice that were to begin on 10/01 be listed here as ready for reimbursement?

A. from Allen J Wimmer to everyone: 10:27 AM

@Pat open applications will be listed as ready for reimbursement. The other applications will show as created, EBS will start a workflow and we will move these through the steps to make them in the correct status.

from Allen J Wimmer to everyone: 10:27 AM

@Pat other applications means pre award status apps.

A. from Carolyn Locklear to everyone: 10:35 AM

@Pat Laws, 10/01 applications will not be ready for reimbursements until the Grant Award has been signed so that the project can be opened to receive reimbursements.

Q. from Pat Laws to everyone: 10:24 AM

Will we enter the match in the budget form as we did in the old Grant Management System (GEMS)

A. Match is not tracked at the budget line level in EBS. It is tracked as a separate amount in the header level of the Agreement or Reimbursement forms.

Q. from Autum Phillips to everyone: 10:27 AM

When we fill out GCC Timesheets, will we still need to put the PROJ#, or will we need to put the agreement#?

A. from Roxana Zelada-Lewis to everyone: 10:30 AM

On the Time and activity sheets Funding source section enter the Agreement ID.

from Tanya Ogburn to everyone: 10:31 AM

@Autum Agreement ID - Cover Sheets have been updated to show this

Q. from Pat Laws to everyone: 10:32 AM

Can we submit a monthly reimbursement for each grant that the county has or does the reimbursement for any grant have to be approved before another reimbursement can be submitted?

A. from Jung Yeo to everyone: 10:52 AM

One at a time per agreement.

Q. from Elizabeth Lane to everyone: 10:33 AM

Our staff members have already turned in their timesheets for time incurred for September. These timesheets still have the old GEMS project number. Do we need to update the timesheets to show the new Agreement number for our September reimbursement request or does this only apply for October and future requests?

A. from Allen J Wimmer to everyone: 10:34 AM

Elizabeth only applies to the Oct 16 moving forward. We are not requiring subs to go back in time to update docs.

from Carolyn Locklear to everyone: 10:42 AM

@Elizabeth, can you write in the agreement number beside the project number since EBS will not show your GM the project number?

Q. from Jessi to everyone: 10:34 AM

Is there a way to get our Agreement number before Monday?

A. Unfortunately No, we are still working to convert data and ensure the system is ready on October 16

Q. from Jessi to everyone: 10:34 AM

I have the same issue with timesheets already submitted for September with old PROJ #

A. from Carolyn Locklear to everyone: 10:43 AM

@Jessi, I'm sorry but no and can you just write the agreement number beside the project number since EBS will not show your GM the project #?

A. from Allen J Wimmer to everyone: 10:36 AM

Charlotte not until Oct 16.

Q. from Sherra to everyone: 10:37 AM

When will grant awards for new projects be sent?

A. We will have them out ASAP we are trying to get through the first week of the new system and still have some updates to do with converting data before these will be sent.

Q. from Carlotta Cloyd to everyone: 10:38 AM

 Who is notified that the change order is approved?

A. from Jung Yeo to everyone: 10:43 AM

Whoever submitted the reimbursement or change request will get Email on return, reject, approvals

Q. from Suzanne - Pat's Place to everyone: 10:39 AM

Our employees may change percent allocation to the project month to month. Will we need to have a budget adjustment each time that changes since it sounds like that is now required in the budget?

A. If referring to the effort percent the employee works each month on the project differing then you would just need to budget what they think that employee may need. If you need to make a change later you can submit a change request.

Q. from Alex Bouknight to everyone: 10:39 AM

Just to clarify - if we need to change somebody's % allocation to the project, but are not changing the actual amount of dollars for that line item - we will still need to zero out that budget line and create the same budget line with a different %?

A. Yes that is correct

Q. from Carianne Fisher to everyone: 10:41 AM

@Carolyn, I was just clarifying why this is being asked. One month at a time with delayed approvals has created cash flow issues for many orgs. Many of us are optimistic that GCC will be able to approve these more quickly. :-)

A. from Carolyn Locklear to everyone: 10:46 AM

@Carianne, yes GCC processing time has changed for approvals and you should always work with your GM to ensure no delays in getting your reimbursements approved timely.

Q. from laing to everyone: 10:44 AM

@jung is it possible to go to two different contacts

A. from Jung Yeo to everyone: 10:48 AM

Q. from Bobbie Faircloth to everyone: 10:46 AM

If we already have a EBS account, when can we expect to see the titles for GCC?

A. from Jung Yeo to everyone: 10:46 AM

If you have an EBS account, you will see new tiles if you used same NCID in GEMS

Q. from Kaitlynn Harrison to everyone: 10:47 AM

Where will we access the VOCA narratives? I have those due on 10/20...will we be able to access them and enter them in EBS? Is that still the deadline? Thank you!

A. Yes, you will be able to enter these in EBS, please contact your planner for the date needed.

Q. from Sherra to everyone: 10:50 AM

For clarification, if you have multiple GCC grants, will you have to have the reimbursement for grant A submitted and approved by GCC before you can submit a reimbursement for Grant B or does that rule only apply to trying to submit multiple reimbursements within one project?

A. from Jung Yeo to everyone: 10:52 AM

One at a time per agreement.

Q. from Alex Bouknight to everyone: 10:51 AM

No more re-entering all the names/positions and page numbers?

A. from Carolyn Locklear to everyone: 10:53 AM

All documents must be uploaded as PDF.

Q. from Chad Carr to everyone: 10:53 AM

So, don't attach all of the receipts individually, but create a cover sheet and upload a pdf with the cover sheet and images of all the related receipts?

A. from Carolyn Locklear to everyone: 10:54 AM

@Chad, that's correct. Everything for Personnel should be under the Personnel coversheet, everything for supplies should be with the Supply coversheet and so forth.

Where do the PMT reports get uploaded into the system?

Q. from Rona Karacaova to everyone: 10:53 AM

@Rona, all forms will be on the GCC's website and you can also request them from your GM.

Q. from Angela Scott to everyone: 10:54 AM

Will GCC still require completion of the Property Control Sheets for equipment purchases, plus a separate document of equipment by serial number with photos?

A. from Carolyn Locklear to everyone: 10:56 AM

@Angela, yes, that has not changed since we are using a new system.

from Carolyn Locklear to everyone: 10:56 AM

@Angela, yet.

Q. from Pam Strickland to everyone: 10:55 AM

Where are the coversheets?

A. from Allen J Wimmer to everyone: 10:56 AM

Pam currently coversheets can be found on the GCC website. We will be changing the location of these in the future to a SharePoint system, but we have not done this yet.

from Carolyn Locklear to everyone: 10:57 AM

Will the PowerPoint be sent from out?

A. from Carolyn Locklear to everyone: 11:02 AM

@Sherra, you will submit the documentation the same way as you did in GEMS for each budget line for all of the personnel. You will still need to attachment the documentation.

Q. from Amy Monroe to everyone: 11:00 AM
