This policy provides direction for the production, distribution, maintenance, and use of identification cards and image record sheets within the Department of Public Safety, Prisons.

**.2902 SCOPE**

This procedure outlines the process for production, issuance, and maintenance of Prisons identification cards and image record sheets.

**.2903 GENERAL**

Picture identification cards and image record sheets are used by Prisons to assist in the identification of offenders, staff, agents, and approved volunteers. Identification cards are issued by, owned by, and may be revoked by Prisons at any time. The identification cards, image record sheets, and related materials are for official use only.

**.2904 SPECIFIC**

Identification cards shall be either displayed or maintained on the person as deemed appropriate by the Warden. No offender will be allowed to wear an identification card around their neck. The cards shall be used for visual identification and electronic identification, such as canteen purchases, gate logs, logging onto the electronic rounds tablet, etc.

**.2905 RESPONSIBILITY**

The overall responsibility and management for identification cards and image record sheets production is assigned to the Technology/User Support section of Prisons Administrative Services. That office will be responsible for monitoring and coordinating necessary changes in procedures to protect the operational integrity of the identification card program. Procedural directives may be issued as necessary and appropriate to support the identification processes.

## (a) ID CARDS

The Warden is responsible for determining whether or not staff or offenders shall openly display their identification cards on their person, or maintain them on their person to be presented upon request. Offender identification cards will not be worn around the neck. Intentional misuse or abuse of identification cards may result in formal disciplinary action.

## (b) IMAGE SHEETS

The control board offender image sheet provides a number of control board sized identification cards with demographic data. The control board sheet contains a Prison Release Photo ID Card which is to be issued to an offender upon release from prison. These image record sheets are filed inside the offender unit jacket file on the left-hand side. Images may be detached from this record sheet at the discretion of the facility head and utilized on control boards for other identification processes.

**.2906 PRODUCTION**

- (a) Prison's staff, contractual agents, and offender photographs will be captured through the automated Digital Photo System, or Auxiliary Photo Capture Stations located throughout Prisons.
- (b) Prison's AA or NA Correctional Facility Representatives will be required to have a picture identification card. Correctional Facility Representative Photographs and identification cards will also be captured through the automated Digital Photo System and/or Auxiliary Photo Capture Stations.

  - (2) Offenders admitted to prison with unnatural hair color, blue, green, pink, etc., shall have their picture taken initially as they appear. The offender will be issued another ID card when it has been determined what their actual hair color is. Female offenders may color their hair periodically to maintain their hair color the same as when they were committed.

It will be the responsibility of the employing Warden to ensure that each employee receives the identification card upon employment. Once an employee has an identification card for five (5) years and no changes in their position and/or location have occurred, a new identification card is to be issued.
  - (4) The Commissioner of Prisons/designee will assign an identification card with a purple background to selected positions. Staff assigned these identification cards will have full access to all sites 24 hours a day, 7 days a week. Upon swiping the card at a Prisons facility, a message will display in the GateLog system which reads "All Access – No Escort Required." Staff are required to return these identification cards to the Commissioner of Prisons when they are no longer assigned to one of the selected positions.

- (5) **Identification cards for volunteers and contractual agents are valid for five (5) years. After five years, a new identification card is to be produced (5-ACI-1G-03).**
